

Guidelines for using the CBM Motorsports™ logos.

1. The logo may not be copied, distributed or used apart from the applicable product or service. For example, you may not redistribute the logo in hard copy or electronic form or make it available online for others to copy.
2. The logo **must be used as provided** by CBM Motorsports™ with no changes, including, but not limited to, changes in the color, proportion, or design, or removal of any words, artwork, or trademark symbols. *(You may receive a file where the word motorsports has been omitted due to limited space and/or surface area.)* The logo may not be animated, morphed, or otherwise distorted in perspective or appearance.
3. To properly present the logo, a clear space equal to 10% of the width of the logo in horizontal direction and 10% of the height of the logo in vertical direction must be maintained around the logo. No other graphic elements should appear within this space.
4. Our logo is comprised of both outlined text and graphics. The logo should be displayed in its entirety.
5. The logo must stand alone and may not be combined with any other object, including, but not limited to, other logos, words, graphics, photos, slogans, numbers, design features, or symbols.

Please adhere to the original color scheme. Exceptions: if the logo appears difficult to read, consider using a monochrome black or white version.

Please adhere to the given element's original proportions -- that is, do not "stretch" the logo.
